▶ NOTEHOLDERS ACCESSION TO THE LOCK-UP AGREEMENT

As set out in the Inside Information Notice dated 31 October 2024 (the “Notice”), the essential terms of the Recapitalisation have been formalised pursuant to the Lock-Up Agreement entered into between the Company, OHL Operaciones, S.A.U., the Amodio Shareholders, the Ad Hoc Group and the Calculation Agent (as defined below).

Holders of the Notes (the “Noteholders”) who are not a party to the Ad Hoc Group are invited to accede to the Lock-Up Agreement. Noteholders who accede to the Lock-Up Agreement will be subject to certain trading restrictions in respect of their Notes. For such purposes, Kroll Issuer Services Limited has been engaged to act as calculation agent under the Lock-Up Agreement (the “Calculation Agent”). Noteholders should contact the Calculation Agent via <https://deals.is.kroll.com/ohl> or by e-mail to ohl@is.kroll.com to access further information relating to the Recapitalisation and for further details as to how to accede to the Lock-Up Agreement. Noteholders wishing to accede to the Lock-Up Agreement shall provide to the Calculation Agent a duly completed and executed accession letter (in the form set out in the Lock-Up Agreement) and evidence of their beneficial holdings as soon as possible.

In addition to the Lock-Up Agreement accession process, the Company intends to launch a consent solicitation process for the Noteholders to approve certain amendments to the terms and conditions of the Notes, as well as the implementation of the Recapitalisation and associated documents (including, among others, the Lock-Up Agreement), by means of an extraordinary resolution of the Noteholders (whether electronically or otherwise) (the “Consent Solicitation”).

Depending on the number of valid accessions to the Lock-Up Agreement and the votes cast via the Consent Solicitation, the Company may instead consider launching a scheme of arrangement under Part 26 or Part 26A of the UK Companies Act 2006 for the purposes of implementing the Recapitalisation (the “Scheme”). If the Scheme were to be sanctioned by the English courts, its terms would be binding on all Noteholders (whether or not they have voted in favour of the Scheme) and the Recapitalisation would be implemented. Pursuant to the terms of the Lock-Up Agreement, Noteholders who accede to the Lock-Up Agreement undertake to vote in favour of the Scheme if the Recapitalisation is implemented in this way. Further information regarding the fees that may be payable to Noteholders depending on whether the Recapitalisation is implemented via the Consent Solicitation or the Scheme can be found in the Notice.

If you have any further questions, please contact PJT, the financial advisor of the Noteholders, at the following email: [PJT Project Onyx@pjtpartners.com](mailto:PJT_Project_Onyx@pjtpartners.com)
